

WILSON SEES PLOT TO CONTROL BANKS

Tells Volunteers, Headed by Pinchot and Rabbi Wise, Interests Would Rule.

AFTER WILLIAMS'S SCALP

President Also Asserts Republicans Want Army to Aid Business in Mexico.

LONG BEACH, N. J., Oct. 16.—Leaders of the Republican party, President Wilson said in an address to-day, want only three things, the scalp of John Skelton Williams, Comptroller of the Currency; control of the country's banking system and the army and navy of the United States back of their financial enterprises in Mexico. He spoke to a delegation called the "Wilson Volunteers," headed by Amos Pinchot and Rabbi Stephen S. Wise.

Mr. Pinchot told the President they planned to campaign for him, "Franklin D. Roosevelt," because they felt he had given the nation "a square deal." Rabbi Wise said the delegation was supporting Wilson because they were confident of his leadership of "Barney, Roosevelt, Roosevelt and Perkins." He dealt with the President's policies in dealing with foreign countries, referring particularly to the Panama canal question and to the Mexican problem, in which he said "you have shown the world how a great nation ought and can afford to deal with a weaker nation."

Resolutions were presented which said: "We resent as an insult to the American people Mr. Hughes's acceptance of the German-American Alliance and we denounce as infinitely alarming symptoms the effort to punish an American President with the vote of alien sympathizers."

The resolutions also profess inability to understand why Mr. Hughes is unable or afraid to resign, and that a great issue before the nation, and add that "the election of Mr. Hughes would mean a Republican Administration deadlocked with a Democratic Congress at a time when our safety and honor demand team play at Washington."

10,000,000 Voters Progressive.

The President began by remarking that of the 10,000,000 votes cast four years ago, 10,000,000 would be classed as Progressives, 4,000,000 having been cast for the Democratic candidates, 4,000,000 for the Progressive candidates, 1,000,000 for the Republican candidates, which he regarded as "a most extraordinary manifestation of the desire of the people of the United States to move forward along new and constructive lines in respect of their public policy. The Democrats are true Progressives, he asserted, having proved it in the last four years."

"It has been a great inspiration," he said, "to feel that the spirit of so many men was being expressed in the legislation for which the country had been longing, which it had been demanding, which it had been repeatedly promised and never vouchsafed by those who promised it."

He continued: "The situation of the country faces just now is this: It wants absolute honesty, justice and progressive legislation. It has an instrument at hand which has proved serviceable in obtaining legislation of that sort and the question for the 10,000,000 voters is, will they retain this instrument or reject it? The question is extraordinary from one point of view because they are invited by the Republican party to substitute the leaders of 3,000,000 for the leaders of the 10,000,000. Some, unhappy, who were leaders of a portion of the 10,000,000 have ceased to be their leaders and have thrown in their fortunes with the 3,000,000, but a very large proportion of those who were the leaders of the 10,000,000 are now still with the 10,000,000 heart and soul."

Tribute to Comptroller Williams.

"And who are the leaders of the three and a half million?"

"The men who can sum their desires in three propositions. To put it as they would put it, they want the scalp of the present Comptroller of the Currency—I can only conjecture because for the first time in many years he has obliged the banks to obey the banking law; knowing him to be honorable, knowing him to be efficient, I can conjecture no reason. In the second place, they desire to get control of the new banking system, and in the third place they wish to put the army and navy of the United States back of their financial enterprises in Mexico and throughout the world."

"In private this is what they want. It ought to be known in public, and it is summarized as compact and neatly as it can be summarized the general purposes of the leaders of the three and a half million."

"Here, then, we strike the essence of the campaign. An instrumentality of enlightened legislation, genuinely democratic in spirit, is, if their suggestions are accepted, to be replaced by the interests of public objects except the objects of speculation. Can any one wonder that thoughtful men in such circumstances are beginning to see that we are facing the most critical political choice that has been made in our generation, because we are now to choose, for the time being at any rate, the very character and foundation of our Government?"

See Interests in Background.

"We are to choose its spirit, its object, its motive and we are to choose between the interest of the great masses of people and the interest of certain privately controlled and secretly controlling interests."

The President said the nation must be alert to keep what it had and also must be ready to do a great work. Continuing, he said:

"That great thing is the thing to which America has always from the first dedicated herself, to bring about a reign of justice among men. I know of no other way of doing it. Justice is a very gradual and a very great thing. It consists of something more than refraining from wrong. It consists in organizing good, in making it effective, so that people will not only do good but all do good. I remember perfectly a passage in one of Burke's writings in which he says it is of little effect for a man alone to be doing the right thing if he always places himself in such a position when he does it that he can be of no influence and effect. So many of our fellow citizens are doing the right thing, they are saying just the right things and then, allying themselves with the persons whose alliance makes it impossible to do the right thing, hoping, I suppose, by the foolishness of preaching to accomplish what can be accomplished only by the effective forces of militant organization."

Why Democratic Party Lives.

"I called attention the other day to the fact, obvious enough, that the Democratic party has survived all other parties in the United States—that it is the only party that has not died. I can say that it is only one thing that the Democratic party has done."

Democratic Van as Rival to Hughes Train—Debate Nov. 4 May Be Exciting.

Mrs. Amos Pinchot will make her first appearance as a movie star to-day. While speaking at Broadway and Thirty-eighth street at noon from the Democratic National Committee, she will be seen by the camera man for a real political thriller. The Hughes women's campaign train is already thundering through New York, moving picture houses and now the Democratic women are to be seen. Mrs. Glendower Evans, Mrs. Winter Russell and pretty girls will form the supporting cast in today's posing.

The van will be decorated with a fresh cartoon each day. Miss Lou Rogers, cartoonist, will point them in full view of the public and explain them as she points.

The Eastern women's bureau of the Democratic National Committee announced yesterday that it had telegraphed to Miss Frances Kellor on board the Hughes women's train, challenging the women's committee of the National Hughes Alliance to a debate. The speakers to be on each side: the subject, the relative merits of the rival candidates for the Presidency, place and time, the largest available hall in New York, any evening between October 30 and election day.

What is likely to be an exciting meet is scheduled to take place at the first session of the League for Political Education Saturday morning, November 4, at Carnegie Hall. Miss Helen Varick Howell, who heads the straight Republican women, will speak for her side, and Mrs. George H. Davis, head of the Western women's bureau of the National Democratic Committee, will talk for Wilson.

WAGERS \$10,000 ON WILSON.

Edward McQuade places Bet at Odds of 8 to 10.

More Hughes money is being placed in Wall street bets, according to the prevailing odds, and a number of Wilson supporters are now asking 10 to 7 for their money. The largest single wager yesterday was made by Edward McQuade, a betting commissioner, who placed \$10,000 for a client on Wilson, at odds of 8 to 10.

McQuade said he had \$15,000 more to bet on the chances of the President on November 7, but that his clients demanded 10 to 7. Another curb betting commissioner said he had \$10,000 to bet at odds of 8 to 10 that Hughes will carry New York State.

One offer was made on the curb of 1 to 4 that Wilson will carry Connecticut, and there was some even money offered that he will carry New Jersey.

The sum of \$5,000 against \$2,000 was placed yesterday that Congressman Murray H. Hulbert, Democrat, will defeat Mr. H. A. H. Hulbert, Republican, in the Twenty-first Congressional district, which embraces parts of Harlem, Washington Heights and the Bronx.

SOCIALISTS CLAIM OKLAHOMA.

Morris Hillquit Also Predicts Election of Eight Men to Congress.

Morris Hillquit announced yesterday that the Socialist party expects to elect eight Representatives to Congress and to carry the State of Oklahoma, where the party polled 7,000 votes last year, and 100,000 only will be required for a majority.

Mr. Hillquit expects his own election and the reelection of Meyer London, is confident of two Socialist Representatives from Wisconsin, three from Oklahoma and Eugene Debs from Indiana.

Lynch's Successor Nominated.

At a meeting of the joint judicial committees of the Republican county committees of Manhattan and The Bronx, held last night, Samuel Strassburger, former Tax Commissioner, was nominated for the City Court Judgeship to fill the unexpired term of Justice Richard T. Lynch, who resigned last month. The meeting was held in Bryant Hall and was addressed by Secretary of State Hugo, Mr. Strassburger and Judge Delahanty of General Sessions.

Held in Jail for White Slavery.

Michael Nobel, 26 years old, and his brother Pasquale, 24 years, both of 404 East 117th street, were held in \$1,500 bail each by Magistrate Krotel in the Hudson County yesterday. They were charged with the murder of a man named John, 19 years, and Mary Luby, 21 years, had charged the men with having forced them to lead lives of degradation.

New Prison Job Possible.

Judge Seabury, according to information yesterday, holds a different view. It is said Judge Seabury welcomed Osborne's entry into the campaign. Tammany would not be surprised to learn that an understanding exists between the two men by the terms of which Osborne is to be appointed Superintendent of Prisons in the event of Judge Seabury's election. That was the intimation in Tammany talk yesterday.

There is almost no pretense of a Democratic State campaign. There is a Wilson campaign in New York for the Wilson campaign managers have money to spend; they are not trusting its distribution to Tammany or to Edwin S. Harris, State chairman, regarded in Democratic national headquarters as too closely identified with Tammany, an agent and mouthpiece of Charles F. Murphy. Tammany resents the attitude of Vance C. McCormick and the other Wilson managers and is taking just enough part in the campaign to preserve a show of regularity, not more.

Mr. Osborne yesterday, announcing his plans, said he would tour the State, but not in the interest of any candidate. "I am not going to speak for Mr. Seabury or against Mr. Whitman," he said.

That statement was somewhat qualified by Mr. Osborne's criticism of Gov. Whitman as a man who had no sympathy with prison reform, and by his assertion that the Governor was behind the attacks which preceded the warden's indictment.

REPUBLICANS BUSY ON PIVOTAL STATES

Hert and Hitchcock Here to Consult on Illinois, Ohio and Indiana.

WOMEN'S VOTES AT STAKE

Labor Men Also Worrisome and Plans Are Made to Swing Both Classes.

A. T. Hert, Western manager of the Republican campaign, and Frank H. Hitchcock, who has been acting as his adviser, arrived from Chicago yesterday to see Chairman Wilcox of the Republican National Committee. With Mr. Wilcox they went over the Republican situation in Illinois, Indiana and Ohio, which, with New York, are considered the pivotal States.

Mr. Hert said he had no doubt concerning the election of Mr. Hughes, and Mr. Hitchcock concurred with him. But troublesome factors are appearing, one being the way the women in Illinois are going to vote and another being the situation in large industrial centers, where the workmen seem inclined toward Wilson. The labor problem is being found in its most acute form in Ohio and Connecticut and to a lesser extent in certain Eastern States.

Evidence is reaching Republican headquarters that the Wilson forces are planning a tremendous drive in the last week of the campaign in those States. In Illinois the greatest effort is being made with the women. To every woman voter in Illinois the Democrats are sending this appeal: "Wilson kept us out of the war. Do you want your son and husband to fight?"

After 20 Electoral Votes.

This drive for the women in Illinois has the Republican chieftains in that State stirred. It was decided yesterday that more money should be spent in a campaign of education among the women voters, and a host of women spellbinders will be turned loose. With the 400,000 women voters in Illinois for Wilson the State's twenty-nine electoral votes would be lost to Hughes, but the Republicans do not believe that this is a possibility. They are sure that they can make the women see that Mr. Hughes is a man of peace and that there will be no soup houses after the war if the Republicans win.

Indiana is not having as much concern as Ohio, where the situation, from the Republican standpoint, is admittedly bad, this being chiefly due to the Wilson trend of the labor vote.

It has been decided to have Mr. Hughes do more campaigning in Illinois, Indiana and Ohio, and he is expected to happen here on Friday, after which he will go to Buffalo, Syracuse and other cities up State, closing his tour in this city in the last week before election.

The former warden's tour will not be officially under Democratic auspices. Report says the Democratic State Committee decline to associate itself in any way with Mr. Osborne's campaign work. The State committee is dominated by Tammany influence, and Tammany has no use for the prison reformer. Its full sympathy was with those persons who obtained the warden's indictment, and it was a cause of regret to its leaders when it was learned that he had been indicted for his conviction.

So far from taking sides with Mr. Osborne in his criticism of Governor Whitman, the leaders of the Governor now that Mr. Osborne, who never had a good word for Tammany, is about to take the stump against him.

Osborne Campaigns Alone.

Thomas Mott Osborne, the resigned Sing Sing warden, has furnished a new cause of strife in Democratic councils. Osborne is about to enter the State campaign in opposition to the reelection of Governor Whitman. He will speak in Cooper Union to-morrow night, in the Palace Casino, Harlem, on Thursday, and in Bryant Hall on Friday, after which he will go to Buffalo, Syracuse and other cities up State, closing his tour in this city in the last week before election.

Army of Republican Orators.

To meet the Democratic drive in Ohio the State is to be treated to the best of Republican oratory. It has been decided to send at once, in addition to Mr. Hughes, ex-Senator Beveridge, ex-President Taft, Comptroller, President-elect Senator William Alden Smith, Medill McCormick, Philander Knox, ex-Governor Blount of Illinois, Nelson Dingley of Maine, Theodore E. Burton and Senator Harding.

Some of these men were added to the regular program after the Republican law before the trainmen, showing them that the old principle of collective bargaining, by which their present program could have been attained, had been gone by the board. To the telegram asking him if this was true, it was said, Grand Chief Stone has thus far returned no answer.

Governor Challenges Judge Seabury to Prove He Could Do Better.

Whitman Stronger Than Hughes.

"The poll shown by the Buffalo Courier," said Greiner, "proves that Wilson is away ahead of Hughes and it also shows that Gov. Whitman is stronger than our Presidential candidate in Erie County. It is a good thing because it always disconcerts the Democrats. That trend of feeling in April is more indicative of the final outcome than is that of mid-October."

The pessimistic reports were brought in yesterday by Frederick Greiner, Republican leader of Buffalo. Greiner told those at Republican headquarters that conditions in western New York were not as good as they were a few months ago, and attributed it largely to the labor situation and the Adams law. Greiner said that he had come to meet Col. Roosevelt's help. Mr. Hughes's speech in Buffalo last month and Gov. Whitman's coming speech there, he said, were not enough.
